

FLAV-R-SAVOR® LARGE CAPACITY MERCHANDISING CABINETS

Models LFST-48 WFST-1X, -2X

The Hatco large capacity Flav-R-Savor Heated and Humidified Merchandising Cabinets hold more product at proper serving temperatures than standard size models. Prepare food in advance of peak periods and place product straight from the oven into the full-view cabinets to increase impulse sales. Temperatures range from 80° to 190°F (27° to 88°C).

FLEXIBILITY

Available with a stationary rack, these cabinets maintain food quality and proper serving temperatures.

Model LFST-48 holds wrapped or boxed products side-by-side on three shelves for increased product visibility and easy accessibility.

Model WFST-1X features a chrome-plated 4-shelf multi-purpose stationary wire rack capable of holding standard sheet pans 18" x 26" (457 x 660 mm). This flexible rack allows the operator to customize the Flav-R-Savor to fit multiple foodservice uses with slant or horizontal shelves. The WFST-2X has an additional set of French-style doors on the customer side of the unit for easy pass-thru convenience. Optional self-closing doors are available for self-serve applications.

QUALITY

The following features assure the finest performance for years to come:

- Controlled moisturized heat creates a "blanket" effect around the food in the WFST models.
- Tempered glass doors and side panels provide maximum heat retention and allow for full cabinet display.
- Maintains proper serving temperature and keeps food at "just-made" taste and temperatures.
- Shatter-resistant incandescent lights enhance product displays while safeguarding food products from bulb breakage.
- Available in six *Designer* colors with French-style doors and 6' (1829 mm) cord and plug.
- Stacking kit, merchandising signs, decals, and 4" (102 mm) adjustable legs are available for the WFST models.

LFST-48 with 3-shelf multi-purpose rack, sign holders, and optional *Designer* color (Signs not included)

Expanded Merchandising Systems

Stacking kits are available for WFST models to create two separate humidified, heated cases. This utilizes minimum floor space and doubles the display capability by stacking the units.

WFST-1X with 4-shelf multi-purpose rack and accessory decals and pans

Custom Food Decals (WFST models)

Eye-catching food decals for the side panels. Maximum 3 decals per unit. For daily menu changes, erasable markers may also be used.

WFST-2X with 4-shelf multi-purpose rack, optional *Designer* color and sliding doors and accessory pans

METAL SHEATHED AIR HEATING ELEMENTS
GUARANTEED AGAINST BURNOUT AND BREAKAGE
FOR TWO YEARS.
